EXCAVATION WORK

Total commitment to the Golden Rules

Design and Production: www.because.fr - Photo credit: M. Sowinski © TOTAL - March 2017

YOU MUST:

- Perform excavation work with a permit comprising a map of all buried hazards.
- Apply precautions for work in confined spaces, as necessary.
- Clearly mark all excavation areas and identify underground structures.

YOU MUST NOT:

- Place machinery or spoil piles within one meter of a trench being excavated.
